

CLIENT INNOVATION NETWORK

The Slaughter and May Client Innovation Network serves as a platform for members of in house teams, and others working in this space, to connect and share ideas and experiences around innovation.

The Network provides members with access to an exclusive programme of events including networking with peers from other industries and our firm's Client and Practice Solutions Team, to share experiences and ideas around innovation priorities and challenges, and to attend bespoke training sessions. Members also benefit from a suite of tailored resources designed to assist with navigating the legal operations space.

MEMBERSHIP OF THE NETWORK INCLUDES:

Involvement in our **Collaborate** legal tech programme

Legal Tech Pilot Playbook

Demos of legal tech products, co-hosted by the firm and our suppliers

Series of roundtable discussions

Legal Tech Market Map

Training session on topics such as Generative AI and growth mindset

Access to curated resources via our Client Innovation Network Hub

Networking events across a range of sectors and roles

Membership of the Network is entirely flexible - we recognise that members will have differing appetites (and capacity) for this content. If you would like to join the Network, please email innovation@slaughterandmay.com or contact your relationship partner.
